Website build and managed service

VNTA

Reference VNTA-A-2026-001 Date 30 June 2026

BETWEEN

VNTA Group

Vantanéant International Ltd, trading as VNTA Group
studio@vnta.xyz

AND

BuildT Computers Ltd

trading as BuildT
Drumcondra, Dublin 3
BuildT.Ireland@gmail.com

01 The work

VNTA has been engaged to design and build the BuildT website (buildt.ie): a custom site with a PC configurator, an admin panel and automated enquiry handling. The site is live at buildt.ie and is being finalised. The one-time build fee of €349 has been paid in full and is recorded on a separate invoice (VNTA-2026-001).

02 Managed plan

BuildT engages VNTA on a managed plan to host, run and maintain the live site.

Fee. €19 per month for the first six months, then €29 per month after that.

Covered. Hosting, security, updates and routine maintenance; the live configurator and admin panel; automated enquiry handling; and small content and stock changes.

Billing. Monthly by direct debit, starting 1 August 2026, on the 1st of each month.

03 Third-party costs, not included

The managed fee covers VNTA's services only. Costs charged by third parties are billed separately to BuildT at cost, as they arise. VNTA does not mark these up.

These include the domain registration and renewal (buildt.ie, approx €36.99 per year, next renewal 25 July 2026), and any other third-party service used to run the site, for example SMS notifications, charged at cost.

04 Direct debit

BuildT authorises VNTA to collect the monthly fee by SEPA direct debit from 1 August 2026. The fee steps from €19 to €29 after the first six months, and VNTA will give notice of the amount before collecting it. Third-party costs are billed separately and are not taken by this direct debit. BuildT may cancel the direct debit at any time under the scheme rules.

05 Term and ending

The managed plan runs month to month. Either party may end it with 30 days' notice. On ending, VNTA stops hosting and maintaining the site and any final third-party costs are settled. Ending does not affect costs already incurred.

06 Ownership and handover

BuildT owns its brand, content and domain, and the domain should be registered in BuildT's name. While on the managed plan, the site runs on VNTA's infrastructure and VNTA holds the build.

If BuildT wants full ownership and portability, the Owned plan (€699, one time) transfers the site codebase, database and hosting to BuildT, after which BuildT may run it independently or move it elsewhere.

ACCEPTANCE

This is a plain-English summary of what we have agreed, written to be clear rather than legalistic. It may be accepted by signing below or by written confirmation in email or message.
